

MÉRIDA

PE22

Mérida è una città di edifici gloriosi, patii assolati dai pavimenti damier e mercati vivacissimi che sono come mondi interi. Cotoni fiorati, rigati pastello e vichy verde brillante raccontano i meravigliosi muri colorati di Mérida coperti di bougainville, le figure allegre dei cactus carnosì e verdissimi, la quiete silenziosa dei patii dove non manca mai una pennellata di colore e un tocco decor.

Mérida is a city with glorious buildings, sunny courtyards with damier floors and lively markets that are just like standalone cosmos. Flowery cottons, pastel stripes and bright green vichy narrate the wonderful colored walls of Mérida covered with bougainville, the cheerful plumped and bright green succulents, the silent quiet of the courtyards where a splash of color and a touch of decor are never missing.

TULUM

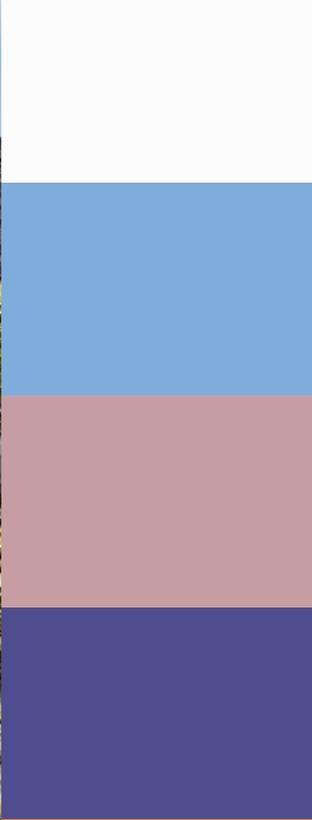

PE'22

Le rovine di un'antica città Maya a picco sul mare caraibico fanno di Tulum un luogo indimenticabile, dove la natura meravigliosa, la storia e il mito trovano un equilibrio magico. Così mille sfumature di azzurro si mescolano con i colori della sabbia, della pietra e degli alberi tropicali. Il sole disegna sagome in nero e in viola che diventano incredibili stampe floreali e geometriche.

Ruins of an ancient Mayan city overlooking the Caribbean Sea makes Tulum an unforgettable place, where wonderful nature, history and myth find a magical balance. Mixing in a thousand shades of light blue with sand and stone colors and those of tropical trees. The sun draws silhouettes in black and purple that become incredible floral and geometric prints.
